## Topics in Supervision: Essential Skills for Beginning Supervisors

Wednesday, February 28, 2018

5-7 pm

Nazareth College  
4245 East Ave. Rochester, NY  
Rochester, NY

Janine DiCarlo, MA, CCC/SLP  
Susan Mack, MS, CCC/SLP

### Overview

Effective supervision is the product of a unique set of knowledge and skills. With ASHA's renewed interest in formalizing this distinct area of practice, this workshop will explore basic supervisory skills for SLPs across multiple settings. A framework for essential supervisory skill development will be presented, including ASHA standards for supervision and Anderson's Continuum of Supervision. Techniques and strategies to assist the supervisee in self – reflection, clinical practice and professionalism will be discussed. *This workshop is recommended for those who have little to no supervision experience.*

### Our Speakers

Our speakers, Janine DiCarlo, M.A., CCC-SLP, Susan Mack, M.S., CCC-SLP joined the clinical faculty at Nazareth College over 25 years ago. They bring a rich history of educational and supervisory experience with both graduate and undergraduate students. They have provided supervision across a wide variety of settings, including on-campus clinics, medical settings, schools, preschools and homes.
